Whether you're an avid birdwatcher or simply curious about the world around you, Maryland and Delaware provide ample opportunities to observe and learn about these fascinating creatures. From the majestic bald eagles soaring high above the Chesapeake Bay to the tiny ruby-throated hummingbirds zipping between flowers, you'll encounter a rich tapestry of avian life.

Birdwatching Hotspots

One of the best ways to explore the birdlife in Maryland and Delaware is through birdwatching. These states have numerous birdwatching hotspots, ensuring that you don't miss any splendid sightings. Assateague Island, Blackwater National

Wildlife Refuge, and Bombay Hook National Wildlife Refuge are just a few prime locations that attract both local and migratory birds.

Imagine standing quietly along the shores and witnessing the elegant great blue herons hunting for fish or catching a glimpse of a vibrant eastern bluebird perched on a branch. With a keen eye and a bit of patience, you might spot the elusive prothonotary warbler or the strikingly colorful painted bunting.

Migration Spectacles

Maryland and Delaware lie on the Atlantic Flyway, a major migratory route for birds. During the spring and fall, millions of birds embark on incredible journeys, covering thousands of miles as they travel to and from their breeding grounds. Witnessing these migration spectacles is a truly awe-inspiring experience.

Delmarva Peninsula, a large landmass shared by both states, acts as a significant staging area for migratory birds. The spectacle of thousands of snow geese descending upon the wetlands is a sight to behold. At the peak of migration, you may be lucky to see flocks of warblers, sparrows, and finches passing through, making a stopover to refuel before continuing their incredible journeys.

Conservation Efforts

While exploring the birdlife in Maryland and Delaware, it's crucial to learn about the ongoing conservation efforts in place to protect these magnificent creatures and their habitats. Organizations such as the Maryland Ornithological Society and the Delaware Ornithological Society dedicate their resources to preserving bird species and educating the public about the importance of environmental sustainability.

By understanding the impact of human activities on our feathered friends and actively participating in conservation efforts, we can ensure that future generations can continue to marvel at the beauty of birds in their natural habitats.

Join the Journey

Whether you're a beginner or a seasoned bird enthusiast, the world of birds in Maryland and Delaware provides endless opportunities for exploration and

discovery. From leisurely birdwatching walks to participating in citizen science projects, there are numerous ways to get involved and learn more about these incredible creatures.

So, grab your binoculars, prepare your field guide, and get ready to delve into the captivating world of birdlife in Maryland and Delaware. Embark on a journey that will fill your life with wonder and a profound appreciation for the natural beauty that surrounds us.

Remember, birds are the true artists of the sky, and in their presence, we find a sense of tranquility and harmony.

Over 450 bird species have been documented in Maryland, and over half of these species have nested in the State. More than 100 species are considered vagrant or accidental in Maryland, having been found only once or a handful of times. About eleven species are extinct, extirpated from Maryland as breeding species,

or have not been recorded as breeding in the state in recent years (ca. past 20 years) and may be extirpated. These species include Bachman's Sparrow, Ivory-billed Woodpecker, Swainson's Thrush, Red-cockaded Woodpecker, Roseate Tern and Greater Prairie Chicken.
