Myanmar, or Burma, is probably unlike every other country you will visit. The country is to a large extent undiscovered by tourists, mainly due to the isolation the country has been in for decades and the restrictions that were imposed on foreigners.

Myanmar is definitely the top travel destination among the 60 countries I have visited so far. It has extraordinary beautiful nature and guestfriendly people who invite you into their lives and their culture.

The aim of this book is simply to highlight the great people and scenery through photography. There are of course plenty of places I am not able to cover in this book - simply because I haven't had the chance to go there yet. I hope it will be enough to get you inspired!
