ONE GIRL AGAINST A REBELLION, AND NOW HER LIFE IS ON THE LINE.

The Empire of Mericon has a new princess, but not everyone is thrilled with the newly discovered heir.

The one thing Princess Eridale wants, more than all the jewels in the empire of Mericon, is to remember the last seventeen years of her life. Imperial sources say the rebels are behind her missing memories, but Eridale sees flashes from her past that don't coincide with what she's been told.

When attempts are made on her life, regaining her memory becomes crucial. The more involved in the Mericonian royal court she gets, the fewer people she finds she can trust. Someone at the court is plotting against her!

If Eridale can't find the traitor and her memories before the next attack, her reign will end before it begins.

Imperial Storm is book 2 of 5, and is not a stand alone book. The Storm Series is great for fans of dystopian books for teens.
