Guy Pratt's life as bass player to the stars. The book behind the successful comedy show.

Guy Pratt came of age just as playing bass became cool, with the likes of Paul Simonon and Bruce Foxton. Having dallied with Funkapolitan, Pratt suddenly found himself on Top of the Pops and supporting David Bowie with smooth Australian outfit Icehouse.

At a ludicrously young age Guy Pratt became a sought after bass player to the stars, finding himself crawling from studio to bar, from hotel to stadium portacabin with Robert Palmer, Womack & Womack, Bernard Edwards, Bryan Ferry and David Crosby, etc. The eighties were in their prime, and with a number of Crolla-suited appearances in windswept videos behind him, he was invited to join Pink Floyd for a series of stadium of extravaganzas to make Bono & co look fairly modest.

Pratt has recorded with Madonna, and spent time in the studio with Michael Jackson. He was in The Smiths for a week, has travelled through customs in a wheelchair after a flight with Jimmy Page, and has lived to tell all. MY BASS AND OTHER ANIMALS emerges from the successful stand-up tour of the same name. It charts his journey from a Mod band in Southend to playing with Roxy Music at Live 8.
