While Australian specifics are yet to be confirmed, we can make some pretty educated guesses here. And the most obvious one is this; the M850i coupe will arrive at a considerable price, but will be packing lots of features. How much exactly remains to be seen, but we'd suggest you can expect to pay around \$300,000 for the M850i xDrive coupe. And while it might not immediately feel that way, that's something of a bargain.
