Among those devoted to exploring these mysteries, The Journal of the Centre for Fortean Zoology (CFZ) stands as a beacon of knowledge, dedicated to investigating and unraveling the truth behind cryptids and other obscure creatures that inhabit our planet.

## **The Birth of a Fortean Adventure**

The CFZ was established in 1992 by Dr. Karl P.N. Shuker, a renowned zoologist and cryptozoologist. During his lifelong fascination with the natural world, Dr. Shuker encountered numerous accounts and witness testimonies of elusive creatures that defied scientific classification. Inspired by these encounters and armed with an insatiable curiosity, he founded the CFZ to provide a platform for fellow enthusiasts to explore and document these exceptional creatures.

From its humble origins, the CFZ has evolved into one of the world's leading authorities on cryptozoology and the study of unknown animals. The organization's primary objective is to investigate, document, and promote research on all aspects of cryptids – creatures, both known and unknown, that have yet to be officially recognized by science.
