"Risking It All": Battling Fear and Uncertainty

For many of these brave Polish soldiers, parachuting into enemy territory was their first taste of combat. The emotions they experienced were a heady mix of fear, excitement, and uncertainty. Private Janek Kowalski, now 96, recounts vividly his first parachute jump.

"As I stood at the open door of the plane, looking down into the darkness below, I could feel my heart hammering against my chest," Kowalski recalls. "I knew the risks I was taking, but the cause was greater than my fears. With a deep breath, I leaped into the unknown, ready to fight for freedom."

These personal experiences highlight the incredible bravery of the soldiers who volunteered for such dangerous missions, knowing that each jump could be their last.

Camouflaged Among the Locals

Once on the ground, blending into the local communities became a crucial survival tactic for the Polish Parachute Brigade. Many soldiers assumed false identities and relied on the help of sympathetic locals to escape the watchful eyes of the German forces.

Sergeant Anna Nowak, a remarkable woman who served as a nurse within the brigade, shares her experience of living undercover in a small Dutch village. "We had to blend in seamlessly with the locals, adopting their mannerisms and customs. It was a constant balancing act, ensuring that we didn't draw any suspicions. All the while, we were preparing for the next mission, knowing that our lives depended on our ability to remain undetected," Nowak reveals.

The stories shared by Sergeant Nowak and countless others exhibit the determination and resourcefulness displayed by these brave soldiers, who risked their own lives while relying on the support and goodwill of strangers.

Unyielding Spirit: A Legacy That Lives On

Despite facing insurmountable odds, the 1st Polish Parachute Brigade emerged as a symbol of perseverance and heroism during World War II. Their unwavering commitment to their homeland and their fellow comrades serves as an indelible testament to the human spirit.

"Even in the darkest of times, we held onto the belief that our sacrifices would make a difference. And we were right."

The Battle of Arnhem remains a much-studied and discussed battle, with an uninterrupted flow of books being published about it. Helion are bringing back into print a fascinating eyewitness account that has remained overlooked since it was

last published shortly after the battle itself. The 1st Polish Parachute Brigade played both an important and controversial role at Arnhem. The author, a Pole himself, was attached to the Brigade, saw action at Arnhem and managed to escape capture and return to Allied lines. He penned his account within weeks of returning, and as a result *With the Red Devils at Arnhem* has a tremendous freshness and appeal sometimes lacking in material written years afterwards. He offers a vivid insight into the experiences of the Poles at Arnhem, written in an exciting and lively manner.

The Helion reprint has been expanded by airborne forces' expert and author Niall Cherry's additional notes providing further information and context. This book is a forgotten gem within the canon of Arnhem literature.
